

SUNDAYS FOR KIDS

9:30 and 11:05 am
September thru May

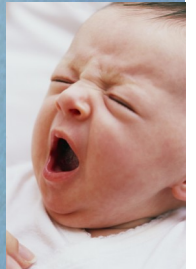

All KIDS programs are held in the KIDS wing, to the left as you enter the building.

We offer a secure environment using Fellowship One's check-in system. When a child is checked in to a program, an identification tag for the child is issued. A receipt is also printed for the person who is responsible for the child. The receipt is required to pick up the child after the program.

We provide loving care for infants zero through 2 years at all of our services. You can be provided with a pager by our paid staff should you be needed during the service. There are several areas available for nursing mom's. The women's lounge, located thru the door of the prayer chapel hallway, and the library have service sound and rocking chairs available. You are also welcome in the nursery. Changing space is available in the lounge and nursery as well.

A play-time mixed with Biblical activities is provided for 3's and 4's during Sunday school in the Preschool room. A snack may be offered.

KIDS in Kindergarten through 5th grade begin in the worship room and then proceed to their grade groups of K-2 and 3-5. Both Sunday school hours are identical in content and utilize a variety of learning styles using a rotation model of learning. Students rotate weekly with their shepherds to workshops focusing on art, drama, computers and Bible knowledge for each unit of learning.

Parents are encouraged to participate in an Adult Bible Fellowship when their KIDS are in Sunday school. The family is welcome to worship together during the other service time.

Summer Sunday school is offered June and July for KIDS. Childcare is available for zero thru 4 years of age all summer.
